MVP

- Search for restaurants
- See what's readily available
- Have a variety of options, including healthy options
- Delivery is available for all restaurants listed
- Can pay for food on app

User Stories

As a small family owned restaurant, we want to be able to provide delivery so we can expand our customer base.

As a busy account manager, I want to have healthy food delivered to my work so I can eat food that will nourish my body and help me focus on my work.
